Line	Item	Quantity	Description	Price	Total	Est Lead Time
			12-16 WEEK LEAD TIME			

Due to the continuous volatility of raw material costs in the marketplace, all quotes are valid for 24 hours unless otherwise noted. Please confirm pricing with your sales representative prior to order submission and understand that lead times are ARO and subject to change. The freight terms are prepaid & add unless otherwise specified. Minimum order quantities may apply to specific line items.

Due to industry demands and supply chain pressures, Millennium will be allowing our clients 90 days of product storage. After 90 days, Millennium will invoice our client for their idle inventory. If our clients are unable to take receipt of their product, Millennium will continue storing the material with a 1% material storage charge. This 1% charge will continue each month until the client can take receipt of the material.
