Greenfield, IN 46140

Re: Authorization to seek pricing

Mayor and Board Members,

The Water Utility is seeking to obtain quotes for a new water modeling software to replace our previous platform. The costs should be similar, however we need to have a system that will allow us to update the model with new information that does not require the transformation of the GIS information to another format that leads to errors and mismatched information.

I request the Board of Works approve the Water Utility to seek 3 quotes for a water model system that can meet our process of collecting field information and data entry needs. These quotes would be opened, and if the quotes meet all requirements, we would ask to award at the Board of Works meeting on 25 April 23.

I welcome any questions the Board may have on this request.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Charles Gill".

Charles Gill  
Manager  
Greenfield Water Utility
