RE: *NISC Annual Member Information Conference, Denver, Colorado*

Members:

I am requesting that Karen Gardner and myself be approved to attend the annual Member Information Conference (MIC) conducted by NISC from September 17<sup>th</sup> through September 20<sup>th</sup>. Total estimated cost including registration, accommodations and travel expenses are \$2500 per person.

The MIC is an excellent opportunity for us to solve our challenges, to learn the newest technologies and best practices to ensure we are using the software to our greatest potential. There are a variety of engaging and informational learning opportunities to bring back and train others. We will be able to learn directly from NISC staff, many of whom we've come to know as colleagues through a support call or implementation process as well as have the opportunity to network with peers across the country. This has been especially beneficial in the past as I have often consulted with contacts made from time spent at the MIC.

Respectfully submitted,

Jane Webb
