Re: Wastewater Utility Camera Truck Replacement

Mayor and Board Members,

I am requesting the Board's permission to seek pricing through Sourcewell for an iBak sewer inspection camera system. The pricing options that will be requested are for a complete replacement of the truck, including the camera and software and one for the replacement of the camera and equipment in our existing truck. The employees that operate the camera system have reviewed and tested a few different cameras and feel that the iBak system best fits the needs of the Utility. Please let me know if there are any questions regarding this request or if any other information is needed.

Best Regards,

A handwritten signature in blue ink, appearing to read "Nicholas Dezelan".

Nicholas Dezelan, CHMM, ASP  
Wastewater Utility Manager
