Mayor Chuck Fewell
Board of Works and Public Safety
10 South State St.
Greenfield, IN 46140

Re: Approval of Southside Water Improvement Project Contracts

Mayor and Board Members,

I respectfully request the Board of Works approve the contracts as presented for the Southside Water Improvements Project for the Southside water towers, and the Southside water main construction. After approval of these contracts, we will hold the pre-construction meetings with the contractors and then issue notice to proceed. The SRF has provided a finalized approval letter for us to proceed with the project. I welcome any questions the Board may have on these agreements.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Charles Gill".

Charles Gill
Manager
Water Utility
