Re: Removal of asset list

Mayor and Board Members,

I request the Board's approval to remove asset #993 a Mighty-Quip Portable Generator model MRD7250 from the Utility's asset listing. This portable generator had been attached to a service truck that we traded in for our F-550 service truck. As such the generator is no longer in the Utility's possession.

I welcome any questions that the Board may have regarding this request.

Respectfully Submitted,
