RE: NISC Conference

Members:

I am requesting approval for Karen Gardner, Tracy Walter and myself to attend the NISC MIC Annual Conference in Louisville, Kentucky on September 14-16, 2021.

The conference features many industry guest speakers, keynote speakers, workshops, training sessions and motivational talks that will significantly benefit our work.

Networking with the conference trade show vendors, NISC software experts and utility peers has proven to be invaluable for me in the past, and I believe it will be extremely useful to Karen and Tracy as well.

The cost to attend the conference will include the registration fee of \$945 each, mileage reimbursement, 2 hotel rooms and parking. The total cost for the conference is approximately \$3800.

I am confident you will see this as a worthwhile investment. It is an opportunity to network with industry vendors, meet the keynote speakers, attend valuable educational sessions and gain specific industry knowledge.

Respectfully submitted,

Jane Webb
