Aug 24, 2021 BOW Agenda

To: Board of Works and Safety
Mayor Chuck Fewell

From: Chief Brian D Lott

I respectfully request board approval for the follow agenda items:

1. Permission to go out to quote on Stryker Power Cot replacements.

Greenfield Fire Territory major medical devices are serviced through Stryker Pro Care. This is a manufacturer direct contract for the preventative maintenance and repair of these high use / high cost devices. In the event of any litigation, these records will help limit liability by Greenfield Fire Territory. We were notified that our three power cots (purchased at the same time through a grant in 2012) will be too old to be included in the Stryker Pro Care contract. So we need to quote the replacement of at least two front line ambulance cots.
