Re: Chlorine Price Escalator Notice

Mayor and Board Members,

As per our contract with JCI Jones INC., they have provided a notice of an increase in Chlorine price per cylinder from \$1.53 per pound of chlorine gas to \$1.57 per pound of chlorine gas. As we are not placing delivery orders for JCI Jones INC. at this time, this increase notice does not impact us at this time. I would ask the Board approve the Mayor to sign this letter of increase as presented. A copy of this letter would be sent back to the company for their records.

Respectfully Submitted,

Dear Customer:

Raw material cost increases were recently issued by the Producers of chlorine. It is necessary for us to pass those increases on to our customers.

Effective **April 6th, 2023** your chlorine price must increase to **\$235.00 per cylinder**. All other terms & conditions will remain the same.

Please know that while we do everything in our power to keep increases to a minimum, we have no control over Producer operations or raw material cost increases.

Thank you for your cooperation and understanding.

Sincerely,

JCI Jones Chemicals, Inc
