

2ND FRIDAY EVENT - matthewaaron Art Show

“ROSIE AND A NEW WORLD ORDER”

“Described as “Nursery Rhymes for Our Modern Plague,” the trio has produced a work that is stunning in its light-hearted dread, using Díaz’s punky typefaces, Aaron’s chilling backdrops and Ballistics’ gas-masked WWII circa men women and children highlighting how the fears of yesteryear weren’t that far removed from today’s reality. Rosie and A New World Order is a harrowing and shockingly accurate necessary souvenir of this time in our collective history.”
