

June 8, 2023

Amanda and Mitch,

This is my letter of resignation. Before you think it, no it DOES NOT have anything to do with past events. I was given an offer I cannot pass up. My last day will be June 22, 2023. I will miss everyone I have worked with and will take the experiences from here with me everywhere I go. There has been a lot of personal growth on my part working here and I have truly enjoyed it. I will always keep GHAM in mind when talking to others about animals, adoptions, etc. (only good things). I know this isn't the most opportune time for the shelter to lose another person and that makes this decision very hard.

With respect and a heavy heart,
