INDEPENDENT AUDITOR'S REPORT

TO: THE OFFICIALS OF THE CITY OF GREENFIELD, HANCOCK COUNTY, INDIANA

We have examined the accompanying financial statement of the City of Greenfield (City), for the period of January 1, 2012 to December 31, 2013. The financial statement is the responsibility of the City's management. Our responsibility is to express an opinion on the financial statement based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence supporting the financial statement and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

As discussed in Note 1, the City prepares its financial statement on the prescribed basis of accounting that demonstrates compliance with the reporting requirements established by the Indiana State Board of Accounts as allowed by state statute (IC 5-11-1-6), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the matter discussed in the preceding paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position and results of operations of the City for the period of January 1, 2012 to December 31, 2013.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position and results of operations of the City for the period of January 1, 2012 to December 31, 2013, on the basis of accounting described in Note 1.

Our examination was conducted for the purpose of forming an opinion on the City's financial statement. The Combining Schedules of Receipts, Disbursements, and Cash and Investment Balances - Regulatory Basis, Schedule of Payables and Receivables, Schedule of Leases and Debt, and Schedule of Capital Assets, as listed in the Table of Contents, are presented for additional analysis and are not required parts of the financial statement. They have not been subjected to the examination procedures applied to the financial statement and, accordingly, we express no opinion on them.

Paul D. Joyce, CPA State Examiner (This page intentionally left blank.)

FINANCIAL STATEMENT	
The financial statement and accompanying notes were approved by management of the City. The financial statement and notes are presented as intended by the City.	те

CITY OF GREENFIELD NOTES TO FINANCIAL STATEMENT

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The City was established under the laws of the State of Indiana. The City operates under a Council-Mayor form of government and provides some or all of the following services: public safety (police and fire), highways and streets, health and social services, culture and recreation, public improvements, planning and zoning, general administrative services, water, wastewater, electric, gas, storm water, trash, aviation, and urban redevelopment and housing.

The accompanying financial statement presents the financial information for the City.

B. Basis of Accounting

The financial statement is reported on a regulatory basis of accounting prescribed by the Indiana State Board of Accounts in accordance with state statute (IC 5-11-1-6), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The basis of accounting involves the reporting of only cash and investments and the changes therein resulting from cash inflows (receipts) and cash outflows (disbursements) reported in the period in which they occurred.

The regulatory basis of accounting differs from accounting principles generally accepted in the United States of America in that receipts are recognized when received in cash, rather than when earned, and disbursements are recognized when paid, rather than when a liability is incurred.

C. Cash and Investments

Investments are stated at cost. Any changes in fair value of the investments are reported as receipts in the year of the sale of the investment.

D. Receipts

Receipts are presented in the aggregate on the face of the financial statement. The aggregate receipts include the following sources:

Taxes which can include one or more of the following: property taxes, certified shares (local option tax), property tax replacement credit (local option tax), county option income tax, wheel tax, innkeepers tax, food and beverage tax, county economic development income tax, boat and trailer excise tax, county adjusted gross income tax, and other taxes that are set by the City.

Licenses and permits which include amounts received from businesses, occupations, or nonbusinesses that must be licensed before doing business within the government's jurisdiction or permits levied according to the benefits presumably conferred by the permit. Examples of licenses and permits include: peddler licenses, dog tax licenses, auctioneer license, building and planning permits, demolition permits, electrical permits, sign permits, and gun permits.

Intergovernmental receipts which include receipts from other governments in the form of operating grants, entitlements, or payments in lieu of taxes. Examples of this type of receipts include, but are not limited to: federal grants, state grants, cigarette tax distributions received from the state, motor vehicle highway distribution received from the state, local road and street distribution received from the state, financial institution tax received from the state, auto excise surtax received from the state, commercial vehicle excise tax received from the state, major moves distributions received from the state, and riverboat receipts received from the county.

Charges for services which can include, but are not limited to the following: planning commission charges, building department charges, copies of public records, copy machine charges, accident report copies, gun permit applications, 911 telephone services, recycling fees, dog pound fees, emergency medical service fees, park rental fees, swimming pool receipts, cable tv receipts, ordinance violations, fines and fees, bond forfeitures, court costs, and court receipts.

Fines and forfeits which include receipts derived from fines and penalties imposed for the commission of statutory offenses, violation of lawful administrative rules and regulations (fines), and for the neglect of official duty and monies derived from confiscating deposits held as performance guarantees (forfeitures).

Utility fees which are comprised mostly of charges for current services and penalties for late payments.

Other receipts which include amounts received from various sources which can include, but are not limited to the following: net proceeds from borrowings; interfund loan activity; transfers authorized by statute, ordinance, resolution, or court order; internal service receipts; and fiduciary receipts.

E. Disbursements

Disbursements are presented in the aggregate on the face of the financial statement. The aggregate disbursements include the following uses:

Personal services include outflows for salaries, wages, and related employee benefits provided for all persons employed. In those units where sick leave, vacation leave, overtime compensation, and other such benefits are appropriated separately, such payments would also be included.

Supplies which include articles and commodities that are entirely consumed and materially altered when used and/or show rapid depreciation after use for a short period of time. Examples of supplies include office supplies, operating supplies, and repair and maintenance supplies.

Other services and charges which include, but are not limited to: professional services, communication and transportation, printing and advertising, insurance, utility services, repairs and maintenance, and rental charges.

Debt service principal and interest which include fixed obligations resulting from financial transactions previously entered into by the City. It includes all expenditures for the reduction of the principal and interest of the City's general obligation indebtedness.

Capital outlay which include all outflows for land, infrastructure, buildings, improvements, and machinery and equipment having an appreciable and calculable period of usefulness.

Utility operating expenses which include all outflows for operating the utilities.

Other disbursements which include, but are not limited to the following: interfund loan payments, loans made to other funds, internal service disbursements, and transfers out that are authorized by statute, ordinance, resolution, or court order.

F. Interfund Transfers

The City may, from time to time, transfer money from one fund to another. These transfers, if any, are included as a part of the receipts and disbursements of the affected funds and as a part of total receipts and disbursements. The transfers are used for cash flow purposes as provided by various statutory provisions.

G. Fund Accounting

Separate funds are established, maintained, and reported by the City. Each fund is used to account for money received from and used for specific sources and uses as determined by various regulations. Restrictions on some funds are set by statute while other funds are internally restricted by the City. The money accounted for in a specific fund may only be available for use for certain, legally restricted purposes. Additionally, some funds are used to account for assets held by the City in a trustee capacity as an agent of individuals, private organizations, other funds, or other governmental units and therefore the funds cannot be used for any expenditures of the unit itself.

Note 2. Budgets

The operating budget is initially prepared and approved at the local level. The fiscal officer of the City submits a proposed operating budget to the governing board for the following calendar year. The budget is advertised as required by law. Prior to adopting the budget, the governing board conducts public hearings and obtains taxpayer comments. Prior to November 1, the governing board approves the budget for the next year. The budget for funds for which property taxes are levied or highway use taxes are received is subject to final approval by the Indiana Department of Local Government Finance.

Note 3. Property Taxes

Property taxes levied are collected by the County Treasurer and are scheduled to be distributed to the City in June and December; however, situations can arise which would delay the distributions. State statute (IC 6-1.1-17-16) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by February 15. These rates were based upon the preceding year's March 1 (lien date) assessed valuations adjusted for various tax credits. Taxable property is assessed at 100 percent of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance). Taxes may be paid in two equal installments which normally become delinquent if not paid by May 10 and November 10, respectively.

Note 4. Deposits and Investments

Deposits, made in accordance with state statute (IC 5-13), with financial institutions in the State of Indiana at year end should be entirely insured by the Federal Depository Insurance Corporation or by the Indiana Public Deposit Insurance Fund. This includes any deposit accounts issued or offered by a qualifying financial institution.

State statutes authorize the City to invest in securities including, but not limited to, federal government securities, repurchase agreements, and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local governmental units.

Note 5. Risk Management

The City may be exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents; and natural disasters.

These risks can be mitigated through the purchase of insurance, establishment of a self-insurance fund, and/or participation in a risk pool. The purchase of insurance transfers the risk to an independent third party. The establishment of a self-insurance fund allows the City to set aside money for claim settlements. The self-insurance fund would be included in the financial statement. The purpose of participation in a risk pool is to provide a medium for the funding and administration of the risks.

Note 6. Pension Plans

A. Public Employees' Retirement Fund

Plan Description

The Indiana Public Employees' Retirement Fund (PERF) is a defined benefit pension plan. PERF is a cost-sharing multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All full-time employees are eligible to participate in this defined benefit plan. State statutes (IC 5-10.2 and 5-10.3) govern, through the Indiana Public Retirement System (INPRS) Board, most requirements of the system, and give the City authority to contribute to the plan. The PERF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of members' contributions, set by state statute at 3 percent of compensation, plus the interest credited to the member's account. The employer may elect to make the contributions on behalf of the member.

INPRS administers the plan and issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. That report may be obtained by contacting:

Indiana Public Retirement System 1 North Capitol Street, Suite 001 Indianapolis, IN 46204 Ph. (888) 526-1687

Funding Policy and Annual Pension Cost

The contribution requirements of the plan members for PERF are established by the Board of Trustees of INPRS.

B. 1925 Police Officers' Pension Plan

Plan Description

The 1925 Police Officers' Pension Plan is a single-employer defined benefit pension plan. The plan is administered by the local pension board as authorized by state statute (IC 36-8-6). The plan provides retirement, disability, and death benefits to plan members and beneficiaries. The plan was established by the plan administrator, as provided by state statute. The plan administrator does not issue a publicly available financial report that includes financial statements and required supplementary information of the plan.

Funding Policy

The contribution requirements of plan members for the 1925 Police Officers' Pension Plan are established by state statute.

On Behalf Payments

The 1925 Police Officers' Pension Plan is funded by the State of Indiana through the Indiana Public Retirement System as provided under Indiana Code 5-10.3-11.

C. 1937 Firefighters' Pension Plan

Plan Description

The 1937 Firefighters' Pension Plan is a single-employer defined benefit pension plan. The plan is administered by the local pension board as authorized by state statute (IC 36-8-7). The plan provides retirement, disability, and death benefits to plan members and beneficiaries. The plan was established by the plan administrator, as provided by state statute. The plan administrator does not issue a publicly available financial report that includes financial statements and required supplementary information of the plan.

Funding Policy

The contribution requirements of plan members for the 1937 Firefighters' Pension Plan are established by state statute.

On Behalf Payments

The 1937 Firefighters' Pension Plan is funded by the State of Indiana through the Indiana Public Retirement System as provided under Indiana Code 5-10.3-11.

D. 1977 Police Officers' and Firefighters' Pension and Disability Fund

Plan Description

The 1977 Police Officers' and Firefighters' Pension and Disability Fund is a cost-sharing multiple-employer defined benefit pension plan administered by the Indiana Public Retirement System (INPRS) for all police officers and firefighters hired after April 30, 1977.

State statute (IC 36-8-8) regulates the operations of the system, including benefits, vesting, and requirements for contributions by employers and by employees. Covered employees may retire at age 52 with 20 years of service. An employee with 20 years of service may leave service, but will not receive benefits until reaching age 52. The plan also provides for death and disability benefits.

INPRS issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. That report may be obtained by contacting:

Indiana Public Retirement System 1 North Capitol Street, Suite 001 Indianapolis, IN 46204 Ph. (888) 526-1687

Funding Policy

The contribution requirements of plan members and the City are established by the Board of Trustees of INPRS.

Note 7. Restatement of Fund Balance

The beginning balance of the Cemetery Endowment fund was restated to more properly reflect the balance of the fund to include a \$50 cash change fund that was omitted in the prior report.

Note 8. Cash Balance Deficits

The financial statement contains some funds with deficits in cash at December 31, 2013. This is a result of the Boyd & St Rd 9 Project and Franklin Street Project funds being set up for reimbursable grants. The Fire Territory fund deficit is due to an incorrect estimation of revenues for the last quarter of 2013.

(This page intentionally left blank.)

SUPPLEMENTARY INFORMATION - UNAUDITED

For additional financial information, the City's Annual Report information can be found on the Gateway website: https://gateway.ifionline.org/.

Differences may be noted between the financial information presented in the financial statement contained in this report and the financial information presented in the Annual Reports of the City which are referenced above. These differences, if any, are due to adjustments made to the financial information during the course of the examination. This is a common occurrence in any financial statement examination. The financial information presented in this report is examined information, and the accuracy of such information can be determined by reading the opinion given in the Independent Accountant's Report.

The supplementary information presented was approved by management of the City. It is presented as intended by the City.

Total capital assets	\$ 163,949,355

CITY OF GREENFIELD EXAMINATION RESULTS AND COMMENTS

DEPOSITS - POLICE DEPARTMENT

Police Department receipts were remitted to the Clerk-Treasurer later than the next business day in 74 percent of receipts tested. Funds should be remitted no later than the following business day.

Indiana Code 5-13-6-1(c) states in part:

"... all local officers... who collect public funds of their respective political subdivisions, shall deposit funds not later than the business day following the receipt of funds on business days of the depository in the depository or depositories selected by the... local boards of finance..."

ANNUAL FINANCIAL REPORT

The Annual Financial Report for fiscal years 2012 and 2013 contained a number of errors and did not properly reflect the financial activity of the City of Greenfield:

- 1. Petty Cash funds for the Cemetery Endowment and Electric Utility funds, in the amount of \$50 and \$800, respectively, were not reported in the Annual Financial Reports filed on Gateway for 2012 and 2013.
- 2. Disbursements from the General Fund, MVH Street, and Park & Recreation funds were understated by \$418 in 2013.
- 3. During 2012 and 2013, many state and local distributions were posted as receipts to incorrect funds and were, therefore, reported incorrectly in the Annual Financial Reports. For example, in 2012, a Motor Vehicle Highway Distribution in the amount of \$41,856 from the State of Indiana was improperly post to the ledger and reported as a receipt to the Local Road & Street fund instead of the MVH Street fund.
- 4. The Annual Financial Report schedules filed by the City contained errors. The City understated the 2013 Ending Balance of the Pierce Fire Truck loan by \$75,000. Also, the capital assets were understated by \$22,060,518 in 2013.

Indiana Code 5-11-1-4(a) states:

"The state examiner shall require from every municipality and every state or local governmental unit, entity, or instrumentality financial reports covering the full period of each fiscal year. These reports shall be prepared, verified, and filed with the state examiner not later than sixty (60) days after the close of each fiscal year. The reports must be in the form and content prescribed by the state examiner and filed electronically in the manner prescribed under IC 5-14-3.8-7."

CUSTOMER DEPOSIT REGISTER

The detailed customer deposit register for the Water and Electric Utilities did not reconcile with the customer deposit amounts recorded in the utility ledgers. In both cases, the cash exceeded the total of customer deposits on record. The excess amounts for 2013 were \$519 in the Light Meter Dep fund and \$72 in Water Meter Deposit fund.

A similar examination result and comment appeared in prior Report B40982.

CITY OF GREENFIELD EXAMINATION RESULTS AND COMMENTS (Continued)

At all times, the manual and/or computerized records, subsidiary ledgers, control ledger, and reconciled bank balance should agree. If the reconciled bank balance is less than the subsidiary or control ledgers, the responsible official or employee may be held personally responsible for the amount needed to balance the fund. (Accounting and Uniform Compliance Guidelines Manual for Cities and Towns, Chapter 7)

DELINQUENT WASTEWATER ACCOUNTS

Delinquent wastewater fees and penalties had not been recorded with the County Recorder nor were they certified to the County Auditor which would result in a lien against the property.

A similar comment appeared in prior reports, most recently prior Report B40982.

Indiana Code 36-9-23-33 states in part:

- "(b) Except as provided in subsection (l), the officer charged with the collection of fees and penalties assessed under this chapter shall enforce their payment. As often as the officer determines is necessary in a calendar year, the officer shall prepare either of the following:
 - (1) A list of the delinquent fees and penalties that are enforceable under this section, which must include the following:
 - (A) The name or names of the owner or owners of each lot or parcel of real property on which fees are delinquent.
 - (B) A description of the premises, as shown by the records of the county auditor.
 - (C) The amount of the delinquent fees, together with the penalty.
 - (2) An individual instrument for each lot or parcel of real property on which the fees are delinquent.
- (c) The officer shall record a copy of each list or each individual instrument with the county recorder . . .
- (e) Using the lists and instruments prepared under subsection (b) and recorded under subsection (c), the officer shall, not later than ten (10) days after the list or each individual instrument is recorded under subsection (c), certify to the county auditor a list of the liens that remain unpaid for collection in the next May."

OVERDRAWN FUND BALANCES

The financial statement presented includes the Fire Territory fund with an overdrawn cash balance at December 31, 2013, in the amount of \$202,036.

The balance of any fund may not be reduced below zero. Routinely overdrawn funds could be an indicator of serious financial problems which should be investigated by the governmental unit. (Accounting and Uniform Compliance Guidelines Manual for Cities and Towns, Chapter 7)

CITY OF GREENFIELD EXAMINATION RESULTS AND COMMENTS (Continued)

INVESTMENTS NOT AUTHORIZED BY STATUTE

The City invested funds with an approved depository which provided a managed portfolio for the City. The portfolio included corporate bonds.

Indiana Code 5-13-9-2.5 states in part:

- "(a) An officer designated in section 1 of this chapter may invest or reinvest funds that are held by the officer and available for investment in investments commonly known as money market mutual funds that are in the form of securities of or interests in an open-end, no-load, management-type investment company or investment trust registered under the provisions of the federal Investment Company Act of 1940, as amended (15 U.S.C. 80a et seq.). . . .
- (c) The portfolio of an investment company or investment trust described in subsection (a) must be limited to the following:
 - (1) Direct obligations of the United States.
 - (2) Obligations issued by any of the following:
 - (A) A federal agency.
 - (B) A federal instrumentality.
 - (C) A federal government sponsored enterprise.
 - (3) Repurchase agreements fully collateralized by obligations described in subdivision (1) or (2)."

Investments should only be made in accordance with statute. Expenses related to any unauthorized investments may be the personal obligation of the responsible official or employee.

CITY OF GREENFIELD EXIT CONFERENCE

The contents of this report were discussed on December 4, 2014, with Charles R. Fewell, Mayor; Larry J. Breese, Clerk-Treasurer; Kerry T. Grass, President Pro Tempore of the Common Council; Lora Elmore, Deputy Clerk-Treasurer; and Tracy Walter, Deputy Clerk-Treasurer.
